Our award winning MINIS dance programme is specifically designed to support children aged 3 to 6 in developing confidence, coordination, listening skills, and self control. Through fun, structured movement and music, children learn discipline, respect, and positive behaviour while building a strong foundation for learning and self expression.

Our JUNIORS dance programme works hand in hand with a child's school life, providing many benefits both physically and mentally. Through focused and consistent training, students are taught the value of dedication, teamwork, and perseverance, learning that with effort and commitment, worthwhile goals are achievable.

Our TEENZ dance programme is designed to support older children and teenagers in building confidence, discipline, and self belief. Students develop creativity, fitness, and resilience while learning how to express themselves positively, work as part of a team, and challenge themselves in a supportive environment.

*'Thank you so much for the group this evening. I can't tell you how grateful I feel and I **really do feel less alone** and more validated. My hope is back' - Louise (parent)*
