

Calculate

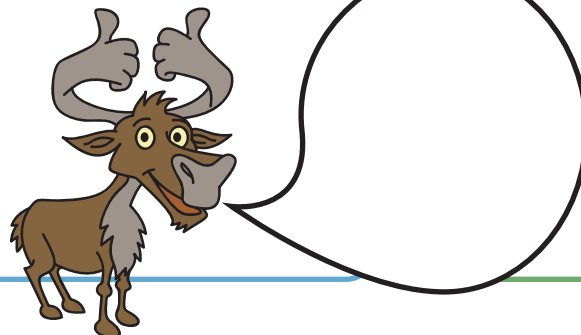

$$\frac{1}{2} + \frac{1}{3}$$

Calculate

$$\frac{1}{4} + \frac{1}{3}$$

Calculate

$$\frac{2}{3} + \frac{1}{5}$$

Calculate

$$\frac{1}{2} + \frac{2}{3}$$

Express your answer as a mixed number.

Calculate

$$\frac{3}{4} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$\frac{4}{5} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{2} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{4} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$2\frac{1}{5} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{2} + \frac{2}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{3}{4} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$2\frac{4}{5} + \frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{5} + 1\frac{2}{5}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{7} + 1\frac{3}{7}$$

Express your answer as a mixed number.

Calculate

$$2\frac{5}{7} + 1\frac{3}{7}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{5} + 1\frac{3}{10}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{6} + 1\frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$2\frac{1}{2} + 1\frac{3}{8}$$

Express your answer as a mixed number.

Calculate

$$1\frac{3}{5} + 1\frac{7}{10}$$

Express your answer as a mixed number.

Calculate

$$1\frac{5}{6} + 1\frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$2\frac{1}{2} + 1\frac{5}{8}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{2} + 1\frac{1}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{3} + 1\frac{1}{4}$$

Express your answer as a mixed number.

Calculate

$$2\frac{1}{4} + 1\frac{2}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{2} + 1\frac{2}{3}$$

Express your answer as a mixed number.

Calculate

$$1\frac{1}{3} + 1\frac{3}{4}$$

Express your answer as a mixed number.

Calculate

$$2\frac{1}{2} + 1\frac{3}{5}$$

Express your answer as a mixed number.
